pool 34 (mine run). Not more than from 300 to 400 cars are tied up at Curtis Bay was his statement.

Coupled with this report is another to the effect that the B. & O. is using its equipment in hauling ore in Ohio and coal to the lakes from Ohio points as it is a shorter and a more lucrative haul.

Lake Situation.

Receipts of coal at Cleveland were light during the past few days. There are plenty of boats around. Coal shipments have been falling off some recently. Coal is not going forward to the upper lake docks any more freely and unless there is some improvement along that line during the next few weeks storage room in some cases will be fairly well consumed.

Mine Rescue Car at Downs.
United States Rescue Car No. 8, with headquarters at Huntington, arrived in Fairmont today from Morgantown, where it had done work in connection with the miners' summer school at West Virginia University, and this afternoon left for Downs, where it will remain one week. The car is in charge of G. W. Grove, foreman miner, and H. M. Black, first aid instructor. These classes will be conducted at Downs: Rescue work, 1 to 4 p. m.; first aid work, 6-9 p. m. Next week the car will be at Coalwood and the week following will go to Marytown, near Bluefield.

The car will return to Marion county in the fall. It is booked up solidly all over the state.

To St. George's.
Yesterday there were 56 cars of coal loaded for St. George's. This has been the first shipment since last Thursday. With the demand of coal on at the

plier the shipment increased in tonnage.

Thus far the embargoes to Green-wich, the P. R. R. pier in Philadelphia, and Port Richmond, the P. & R. pier in Philadelphia as well as Curtis Bay the B. and O. pier in Baltimore, have not been lifted.

Curtis Bay shipments yesterday were 111 almost half of normal daily shipments to that point.

Heavy to the Lakes.
For a change lake shipments took a leap yesterday. The B. & O. loaded 168 cars for the lakes, which is the heaviest consignment since July 7, when 183 cars were shipped lakeward.

Other Shipments.
Other carload shipments on the B. & O. yesterday were as follows: Ohio points, 16; Michigan points, 21; miscellaneous points, 40.

Miners on Strike.
One hundred and fifty miners employed at the operations of the W. H. Green Coal company, the Venier Coal company, the Baker Coal company and the Masontown Coal company went on strike yesterday at Adrian for the recognition of the United Mine Workers. Recently the largest operations in this field—the Buckhannon Coal company signed up the contract at Uniontown.

United Mine Workers.
Tonight at 6:30 o'clock Joe Angelo, international organizer, will address a meeting of United Mine Workers at Parker's Run.

John Custalac, district organizer, is in Clarksburg.

Morgan L. Lewis, international organizer, was summoned to Jamison No. 9.

J. L. Ballard, international organizer, remained over in Century for today.

Late this afternoon C. F. Keeney, president of District 17, United Mine Workers, and H. E. Peters, district organizer, will return from Charleston.

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nervous Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by H. H. Drug Co. in Fairmont and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing. Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health. CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.
